ABOUT THE COURSE

This course is ideal for anyone working within business who wish to or are required to improve their carbon footprint and their effect on the environment.

It will give you an understanding of how businesses impact the environment and what steps can be taken to minimise the impact.

AREAS COVERED

The modules of this short course include:

- Find and improve the areas of your business creating pollution
- Recognise the effect and impact pollution has on the environment
- Understand how to minimise negative impacts to the environment
- Understand the legal obligations to protect the environment

ASSESSMENT AND CERTIFICATION

Candidates will be assessed by a series of multiple-choice questions upon the completion of each of the modules. Subject to satisfactory completion, candidates are given access to an electronic Highfield quality endorsed certificate of completion (in PDF format), which they are able to print.
