ABOUT THE COURSE

The importance of first aid is hard to overestimate. It allows those trained with the potentially life saving ability to assist an injured or ill person during a variety of emergency situations.

This eLearning course provides candidates with the skills and knowledge to deal with first aid situations in low-risk work environments such as shops and offices.

AREAS COVERED

The modules of this short course include:

- Introduction to first aid
- First aid equipment
- First aid at a scene
- Unconscious casualties
- First aid incidents
- Treating minor injuries

ASSESSMENT AND CERTIFICATION

Candidates will be assessed by a series of multiple-choice questions upon the completion of each of the modules. Subject to satisfactory completion, candidates are given access to an electronic CIEH quality endorsed certificate of completion (in PDF format), which they are able to print.
