IOSH Managing Safely Refresher

Course Aim

The aim of this course is to refresh the key parts of the IOSH Managing Safely course through an engaging and practical one day course. The focus is on the Plan-Do-Check-Act Health and Safety Management System.

Who Should Attend

This course is aimed at anyone who has previously gained the IOSH Managing Safely qualification and now wishes to refresh their knowledge.

Course Length

One Day

Entry Requirements

Candidates must provide evidence of having previously undertaken and passed the IOSH Managing Safely course.

It is recommended that candidates have a minimum of Level 1 in Literacy/English or equivalent to undertake this qualification. Candidates should be aged 14 or above.

Approved By

This course is accredited by the Institute of Safety and Health (IOSH).

OFQUAL Accredited No

RQF No

Delivery Methods

- In-House
- Public Courses Via Zoom

The Content

- Why is it important to manage safely?
- The manager's roles and responsibilities.
- Key definitions.
- Benefits of a health and safety management System.
- Why leadership is an essential part of health and safety management.
- The essential principles of good health and safety performance.
- How to influence the safety culture within your business.
- How to influence managing safely in the workplace.
- How to plan your health and safety management system.
- Your health and safety policy.
- Common hazards and how to manage them.
- How to carry out a risk assessment.
- Risk rating systems and hierarchy of risk controls.

- Differences between proactive and reactive performance indicators.
- Why incidents and accidents need to be investigated.
- The purposes and techniques for both internal and external health and safety audits.
- Types of evidence used in an audit.
- The procedure for investigation, recognising the human factors involved.
- The data and techniques required to produce an incident report.
- Measuring health and safety performance.
- How to prepare and use active monitoring checklists.
- Implementing schedules for active monitoring, recording results and analysing records.
- Reviewing performance and continuous improvement.

The Benefits

By attending this course, your employees knowledge of health and safety will be refreshed and they will understand how to monitor and improve health and safety issues in the workplace.

On returning to the workplace, they will have the confidence to manage their health and safety responsibilities effectively and ensure that all policies and procedures are carried out correctly, including first aid provision, fire safety precautions and emergency procedures.

They will be able to help staff to understand and develop their own health and safety roles and responsibilities and ensure improvement strategies are implemented. In addition, they will be able to undertake effective risk assessments and ensure that the relevant control measures are in place, adhered to and monitored.

You will be able to demonstrate compliance with legislation and prove due diligence through training records and certificates. In addition, you, your business, your employees and your customers will be protected.

What Is Included

- Training in a friendly and relaxed learning environment

Rave Reviews

"I have heard some very positive comments about the IOSH Managing Safely course that you ran and it seems to have had an impact on the way that the delegates are thinking about health and safety. We have just had our monthly health and safety meeting and those who attended the course were obviously thinking in a different way!"

**Jan Hughes | Health & Safety & HR Manager
Poeton Industries Limited**

"This IOSH Managing Safely Refresher course was informative, useful and fun. The course was delivered well via Zoom. Yes, I would recommend the course to others, it was concise and enjoyable."

**Fiona White
Worcestershire County Council**

Refresher Recommendation

It is recommended that all candidates who achieve IOSH Managing Safely Refresher qualification refresh their qualification every three years.

Suggested Progression

Upon successful completion of this qualification, candidates may wish to continue their development by completing the Level 4 Award in Health and Safety in the Workplace.
