ABOUT THE COURSE

This course is designed to provide a wide-ranging level of knowledge around health and safety. By the end of the course candidates will have the knowledge and skills to effectively supervise staff.

Although it does not provide a qualification itself, the course covers the key content and knowledge required to go on to achieve any Level 3 Health and Safety (RQF) qualification, using Highfield's Qualify at Home Remote Invigilation Service.

AREAS COVERED

The modules included in this course cover the key syllabus of IOSH Managing Safely qualification. These modules include:

- Introducing Managing Safely
- Assessing Risks
- Controlling Risks
- Understanding Responsibilities
- Understanding Hazards
- Investigating Incidents
- Measuring Performance

ASSESSMENT AND CERTIFICATION

Candidates will be assessed by a 30-question, mainly multiple choice, examination. The examination will take an hour to complete.

To achieve the IOSH Managing Safely qualification, candidates are also required to complete a risk assessment-based project after the course. This project will be moderated by IOSH. The pass mark for each section is 60%.
