ABOUT THE COURSE

Modern slavery is a global problem where victims are exploited and mistreated for personal gain.

The rights of the victims are actively ignored, and in many cases, the vulnerabilities of the victims are used to continue the abuse and exploitation.

The offenders themselves can range from individuals to seemingly ordinary private enterprises or small businesses, to outfits of organised crime that can operate on a larger scale.

AREAS COVERED

The modules include:

- What is modern slavery?
- Methods of modern slavery
- Case studies and statistics
- What does the law say?
- Why is modern slavery under reported?
- Types of modern slavery
- Modern slavery statement and policy
- Reporting modern slavery

ASSESSMENT AND CERTIFICATION

Candidates will be assessed by a series of multiple-choice questions upon the completion of each of the modules. Subject to satisfactory completion, candidates are given access to an electronic Highfield quality endorsed certificate of completion (in PDF format), which they are able to print.
