ABOUT THE COURSE

The IOSH Working Safely eLearning course ensures employees can recognise hazards and manage risks in the workplace. It is an internationally recognised qualification and supports compliance with employee training requirements under the Health and Safety at Work etc. Act 1974.

AREAS COVERED

The modules included in this course cover the key syllabus of IOSH Working Safely qualification. These modules include:

- Introduction to working safely and definitions
- Physical and verbal abuse, bullying and harassment
- Asbestos awareness
- Terrorist threat
- Chemicals and hazardous substances
- Display screen equipment and work equipment
- Confined and enclosed spaces
- Drug and alcohol awareness
- Electricity and lighting
- Fire and emergencies
- Working at height
- Housekeeping and storage
- Manual handling and slips, trips and falls
- Noise and vibration awareness
- Personal hygiene and welfare facilities
- Health and stress awareness
- Temperature
- Driving whilst working and vehicles and transport

ASSESSMENT AND CERTIFICATION

At the end of the course there are two assessments; the first is a multiple-choice assessment which consists of 30 questions and the second is a hazard spotting exercise.
